

LEARNING AGREEMENT WORKSHOP FOR EXCHANGE STUDENTS COMING FROM NON-EU INSTITUTIONS (ONLINE) – FAQ

1. What is the deadline of changing the learning agreement?

We are flexible, but ideally, you have time to change it until a month after the start of your mobility. Check if your home university has specific requirements about the deadline as well.

2. In terms of SIE course, do we need to write (add) in change form?

Yes, if you add a SIE course, it must be in your Learning Agreement, so you should add it with a change form if it was not included in the original LA.

3. Do we have to add SIE courses into the learning agreement?

If you are following SIE courses, yes, you should add them to your Learning Agreement.

4. Where can we find the form of changing learning agreement?

You can email us at incoming.mobility@unive.it and request it!

5. Are we required to register the 2nd Term class? Or is there another deadline for the 2nd term?

The deadline for the LA is the same regardless of terms. But you are not required to register for any courses and classes you take here at Ca' Foscari.

6. What if there is a clash in timetable for semester 2 for example (as timetables have not been released), can we change the modules later?

In this case, yes, you can.

7. When will the SIE course timetables be released?

For any information regarding SIE courses, please contact them directly at cfsie@unive.it.

8. When will the schedule for SIE courses published? In my home university changes in agreement should be made during the first 3-4 weeks after the start of mobility... And I am afraid of schedule conflicts

Again, we do not have this information. You should contact SIE at cfsie@unive.it and ask them about the schedule.
