

**Call for n. 1 Short Research Fellowship - Ca' Foscari University of Venice– Department of Molecular Sciences and Nanosystems**

(L. 240 of December 30th 2010, art. 18, DL 19/2012;  
Regulations about Short Research fellowships DR DR n. 1141/2020 of 19/11/2020

The present document in English is to be considered as a mere translation of the provisions of the call which is available in Italian at the following [link](#). The text in Italian is the official text of the notice of competition for all legal intents and purposes and, in the event of non-conformity with the present document, it shall prevail.

The Department of Molecular Sciences and Nanosystems of Ca' Foscari University of Venice, having regard to the Decree of the Director of the Department of Molecular Sciences and Nanosystems Rep. no. 333/2021 prot. no. 30914 of 30/04/2021 establishing the research programmes for awarding of the short fellowships regarding “**Engineering high affinity protein binders against fish pathogens**”, SSD: BIO/10, lasting for **3 months**, tutor prof. Alessandro Angelini, with the possibility of renewal within the limits of art. 4 of the Regulations for awarding of university short research fellowships in reference to the activity on behalf of third parties commissioned by The Agencia Estatal Consejo Superior de investigaciones Científicas (CSIC) for a research service "screening of small protein binders against purified and biotinylated antigens derived from fish pathogens using a yeast display technology" as third part in the European project FETOPEN-899616 (Ref contract Rep. n. 68/2021 Prot. n. 24641 of 08/04/2021 - deadline 07/10/2021), CUP H75F21000300007.

The expected starting date is in **June 2021**.

*The fellow will perform the following research activities:*

*Select and engineer small binding proteins capable of binding fish pathogens with high affinity.*

*For this purpose, it is planned to use:*

- yeast display technology coupled with the use of magnetic beads and flow cytometry for the selection and engineering of protein binders capable of binding fish pathogens with high affinity;*
- advanced recombinant technologies with the aim of amplifying, mutating and cloning the DNA encoding the engineered proteins into expression vectors suitable for production of proteins in bacterial (i.e. E. coli) and yeast cells (i.e. S. cerevisiae and P. pastoris);*
- multiple chromatographic techniques (i.e. affinity chromatography and size exclusion chromatography) both in the preparative and analytical form in order to obtain proteins with a high degree of purity (> 95%);*
- techniques such as electrophoresis, UV / Vis spectroscopy, centrifugation, fluorescence thermal shift analysis (FTSA), fluorescence polarization (FP) and flow cytometry.*

The research fellowship amounts to Euro 4.800,00.

Deadline: **May 24 2021 at 12.00 p.m. (italian time)**

**Rules of eligibility - Beneficiaries.**

People with **Master's degree in Santary Biology and an adequate scientific and professional CV are eligible.**

**The following knowledge, skills and experience will also be evaluated as preferential qualifications:**

- clone genes within protein expression vectors;
- produce recombinant proteins in bacteria and yeasts;
- use multiple chromatographic techniques, both in the preparative and in the analytical form;
- use electrophoretic techniques, UV / VIS spectroscopy, centrifugation, fluorescence thermal displacement analysis (FTSA), fluorescence polarization (FP) and flow cytometry;
- use direct protein evolution techniques such as phage and / or yeast display;
- knowledge of the English language (level B2 / C1);
- knowledge of the Spanish language (level A2 / B1).

Applicants must hold all the requisites within the call deadline.

The qualifications will be evaluated by a Commission that examines the eligibility and qualifications of the candidates and makes a merit rank of them.

**Short Research Fellowship to non-EU citizens.**

If a non-EU citizen already living in Italy applies for a Research Fellowship, he must hold a residence permit valid up to the Deadline of the call. Otherwise, the Department undertakes to undergo the procedures for obtaining a residence permit for research activities.

**How to apply**

Candidates should submit:

1. The application form (<http://www.unive.it/data/28900/>), duly dated and signed.
2. A CV in European format (<http://www.unive.it/data/28900/>), duly dated and signed, indicating the qualification held for the purposes of access to the selection, the degree grade, the subject of the degree thesis and a detailed description of the scientific-professional qualifications that he/she intends to assert
3. A photocopy of a valid identity document (e.g. Identity Card or Passport).
4. All documents, qualifications and publications relevant for the selection procedure.

**How to submit your application**

Candidates must submit an online application with all the required documents in accordance with the Regulations on Short research fellowship awarding and the following paragraphs.

Applications, together with all the required documentation, have to be submitted exclusively online at the following webpage:

<https://apps.unive.it/domandeconcorso-en/accesso/dsmn-21-fetopen>

not later than noon time (12:00 Rome CET) of **May 24, 2021**.

In case the deadline is on Saturdays, Sundays or on holidays it is extended to the first working day thereafter.

The candidate, after the uploading, will receive a submission number and an e-mail acknowledging receipt of their application. The candidate if necessary could access the procedures for updating any data and materials through the link and submission number provided in the e-mail until the call deadline expires.

Please note that the University can be contacted for any support needs by the candidate until 24 hours prior to the deadline. For further information please contact: Segretariat of the Department of Molecular Sciences and Nanosystems, Research section, tel. 041-2348633, e-mail: [ricerca.dsmn@unive.it](mailto:ricerca.dsmn@unive.it)

The University accepts no liability in the event of the recipient being untraceable or dispersion of the communications due to inaccurate indication of the domicile by the candidate, failure or delay in communication of variation of domicile or causes not depending on the University, or for any postal, telegraphic or telematic error or those attributable to third parties, chance events or force majeure.

The declarations made in the application shall be considered issued in accordance with the DPR no. 445/2000 and subsequent amendments, by candidates entitled to use the simplified administrative certifications permitted by the above decree.

#### Selection procedure

Candidates shall be selected, on the basis of their qualifications and an interview, by a selection committee appointed pursuant to Art. 7 of the Regulation for the awarding of short-term research fellowships.

Short-listed candidates will be invited for interview on **25<sup>th</sup> May 2021** at **2.00 p.m.** through **Google meet**

Therefore, candidates are required to present themselves, with a valid identification document, without notice, at the premises, on the days and at the time indicated in the public notice.

The absence of candidates from the interview will be considered to all intents and purposes as a renunciation of the selection, whatever the cause.

Topics of the interview:

- evaluation of the technical and scientific knowledge necessary for the execution of the activity;
- assessment of knowledge of the English language.

The Selection Committee awards a maximum of 100 points to applications, on the basis of the qualifications and interview, and then drafts a final merit-based ranking according to the assigned scores and identifies the winner. If the event of a tie, priority shall be granted to the younger of the two candidates.

The ranking shall be used according to the order in which it has been formulated and, in the event of withdrawal or failure by the assignee to accept the award by the deadline set by the department or early termination of the research collaboration agreement, the grant shall be assigned to another candidate following the order of the final merit-based ranking, in accordance with the Regulation for the Awarding of short-term research fellowships (Art. 8). The Selection Committee shall submit a competition report to the

Director of the research department, who, after verifying the legitimacy of the competition procedure, shall approve the procedure and award the grant by Director's decree

### **Incompatibility**

The fellowships within this announcement may not be combined with:

- other research grants;
- fellowships of any other kind, with the exception of those awarded by national or foreign research institutes to integrate, with periods abroad, the specific research activities required by this announcement. In the case of self-employment, employment or para-subordinate employment, compatibility shall be determined by the Research Project Supervisor.

The granting of the Short Research fellowship does not give rise to the establishment of any employment relationship, nor does it give rise to rights regarding access to the roles of the University staff.

### **Information and contacts**

Candidates may find further details about the application process and the research project in the official call published on: <http://www.unive.it/data/28824/>.

For further information please contact Segreteria DSMN, tel.041-2348633 email: [ricerca.dsmn@unive.it](mailto:ricerca.dsmn@unive.it)

### **Evaluation Procedure and Commission.**

A **Commission** summoned by the Director of the Department, who indicates the President of the Commission and the member taking the minutes, will evaluate the applications.

**Evaluation procedure.** The Commission defines the general evaluation criteria. The interview and any other test must ascertain the suitability of the applicant to the research activity. The Commission compiles a ranking and specifies the winning applicant, having regard to the score appointed to experience and qualifications as specified by the call.

**Awarding of the short research fellowship** Having received the selection documents, and at the outcome of the checks, the Director approves, by his own decree, the classification and the selection procedure reports and makes them public according to the procedures specified in the Regulation awarding the short research fellowship art. 6 and in the website <http://www.unive.it/data/28900/>. Exclusion is justified in detail in the selection reports which can be accessed in accordance with law 241/90.

The Director of the Department at which the research programme will be conducted awards the research fellowship to the winner of the selection procedure, subject to ascertainment of the prescribed requirements. The latter shall accept the award within 7 days from receipt of the communication by signing the relative contract at the competent office of the Department of Mole collar Sciences and Nanosystems, which will establish the terms of and procedures for the collaboration and allocation of the grant.

**Grant.** The fellowship is intended to provide the successful candidate with the opportunity to pursue his/her own research while benefiting from the range of expertise at Università Ca' Foscari Venezia. The tutor coordinates the activities of the Research Fellow and any other research activity within the same program and provides the Fellow with all the information for carrying out the research.

The Department provides the Research Fellow with the needed back-up support such as access to facilities, equipment and administrative services.

The Research Fellowship is not, in any case, considered as an employment contract and the Fellow is not part of the University staff.

The rights for any patentable invention coming from Research Activities belong to the University or entities with which the University has signed (or will sign) specific agreements.

### **The person responsible for administrative proceedings**

In accordance with Art. 5 of Law no. 241 dated 7 August 1990, as amended, the person responsible for the selection process (RPA) is Sonia Barizza who can be reached at the Department of Molecular Sciences and Nanosystems, at the e-mail address [ricerca.dsmn@unive.it](mailto:ricerca.dsmn@unive.it).

### **Final provisions**

For anything not specified in this call, see the University of Venice's current regulations regarding the awarding for research fellowships and the current legislation.

Venice, 4<sup>th</sup> May 2021

Il Direttore del Dipartimento di  
Scienze Molecolari e Nanosistemi  
Prof. Pietro Riello  
f.to digitalmente ex art.24 Dlgs 82/2005 (CAD) e ss.mm.ii.
