The Department of Molecular Sciences and Nanosystems of Ca' Foscari University of Venice, having regard to the resolution of the Department Decree Rep. N. 502/2023 prot. n. 190175 of 04/08/2023 establishing the research programmes for awarding of the short fellowships in “**Evaluation of the role of Pin1 protein in ovarian cancer**”, SSD: BIO/11, Scientific director and tutor prof. Flavio Rizzolio with reference to the research project entitled "PIN1 targeted therapy in high grade serous ovarian cancer patients" funded by the AIRC Foundation as part of the 2019 Investigator Grant call, project identification code IG 23566, CUP H74I19001600005.

The project involves carrying out the scholarship at the Oncological Reference Center of Aviano.

Lasting **six (6) months**, with the possibility of renewal within the limits of art. 4 of the Regulations for awarding of university short research fellowships.

**The expected starting date is 15st September 2023.**

The research fellowship is awarded for the purpose of collaboration with the following research programme of the Department of Nanosystems and Molecular Sciences - **abstract**:

The project involves the study of the Pin1 protein in ovarian cancer with the aim of developing new targeted therapies. In detail:

- Pin1 protein overexpression;
- Biochemical study of the protein;
- Biochemical evaluation and determination of the Pin1 protein;

**The research fellowship amounts to Euro 6.000,00**, gross to the recipient.

**Deadline:** not later than noon time (12:00 Rome CET) of 24th august 2023.

**Rules of eligibility - Beneficiaries.**

People with master's degree (or equivalent) belonging to the class:

- **LM6, Biological Sciences**
- **LM8, Industrial Biotechnology**
- **LM9, Medical, veterinary and pharmaceutical biotechnologies**
- **LM13, Chemistry and pharmaceutical technologies**
- **LM21, Biomedical Engineering**

and an adequate scientific and professional cv are eligible.

Applicants must hold all the requisites within the call deadline. The qualifications will be evaluated by a Commission that examines the eligibility and qualifications of the candidates and makes a merit rank of them.

**Any other evaluable :**

- a) Experiences in laboratories with topics related to the research grant

**Incompatibility**

The short-term research fellowship may not overlap with:

- other scholarships granted in any capacity, apart from those granted by national or foreign research institutes in order to integrate with periods abroad the specific activity foreseen by the work plan of the appointed fellow;
- attendance of PhD courses with scholarship and medical specialization, in Italy and abroad;
- research grants “assegni di ricerca”
- subordinate employment relationships

Scholarship holders can carry out occasional work activities, upon written communication to the scientific manager and on the condition that:

- a) this activity is declared by the person in charge to be compatible with the pursuit of the research activity referred to in the scholarship;
- b) does not involve a conflict of interest with the specific research activity carried out;
- c) does not prejudice the university, in relation to the activities carried out.

The awarding of the short-term research fellowship does not imply the establishment of any employment contract, nor does it give rise to any rights of access to positions of employment at the university

### How to apply

not later than noon time (12:00 Rome CET) of 24<sup>th</sup> August 2023.

### INTERVIEW TOPICS:

- Basic knowledge of molecular and cellular biology
- Role of Pin1 protein in tumors

The candidate, after the uploading, will receive a submission number and an e-mail acknowledging receipt of their application. The candidate if necessary could access the procedures for updating any data and materials through the link and submission number provided in the e-mail until the call deadline expires.

Please note that the University can be contacted for any support needs by the candidate until 24 hours prior to the deadline. For further information please contact the Secretary of the Department of Molecular Sciences and Nanosystems - Research Office - n. 041-2348633 / 8514, e-mail: [ricerca.dsmn@unive.it](mailto:ricerca.dsmn@unive.it).

Please note that in case of a high number of applications and / or weight of the materials loaded by the candidates the system might become slower. Therefore, it is suggested not to start the process close to the deadline.

Incomplete applications, those without the required data and the compulsory attachments will not be taken into consideration. Furthermore, the applications which, for any reason, reach this University beyond the deadline indicated above cannot be accepted.

The Commission compiles a ranking and specifies the winning applicant, having regard to the score appointed to experience and qualifications, interview and any other test, as specified by the call. In the event of two or more candidates obtaining the same score at the end of the selection, the younger candidate will be preferred.

### **Awarding of the short research fellowship**

Having received the selection documents, and at the outcome of the checks, the Director approves, by his own decree, the classification and the selection procedure reports and makes them public.

Notification, including the start date of the short-term research fellowship, shall be sent to the winning candidate.

The winner must accept the short-term research fellowship within seven days of receipt of the written notification referred to above, under penalty of revocation. In the event of withdrawal, the short-term research fellowship shall be awarded to the next available candidate, following the order of the final ranking of merit.

Publication of the results of all the selection phases shall be published in the online University notice board, on the specific Department web page ([link](#)) and on the University website ([link](#)).

Access to the selection documents is guaranteed pursuant to the law of August 7th 1990, no. 241 and subsequent amendments and additions and relative internal implementation regulation.
