3.1 In order to apply, prospective candidates must be officially enrolled in Ca' Foscari University of Venice at the date of the call deadline and for the whole duration of the mobility. In addition, students wishing to apply for a place reserved to 2<sup>nd</sup> cycle/Master level must be enrolled in a 2<sup>nd</sup> cycle/Master degree course at the moment of the application; applications to places reserved to 2<sup>nd</sup> cycle students coming from 1<sup>st</sup> cycle/Bachelor students not yet enrolled in a 2<sup>nd</sup> cycle/Master degree course will not be considered.

- If enrolled in two courses at Ca' Foscari University, both of which are eligible to apply for a certain destination: candidates **must** state in their application which degree course should be considered for their application. Candidates will be evaluated accordingly (see Art. 7 for the selection process);
- If enrolled in two courses, one of which is at Ca' Foscari University, while the other one is in another Italian institution: only the Ca' Foscari academic career will be considered;

Pre-enrollments will not be accepted either. Only in the event that a student has regularly made the enrollment tax payment before December 17<sup>th</sup>, but he/she does not result as fully enrolled within the date set by the present article due to reasons beyond his/her control, the selection committee has the right to reconsider for eligibility any applications submitted by pre-enrolled students which have met all remaining requirements set by the present Call.

### 3.2 Language proficiency

Applicants must demonstrate, at the application stage and before the closing date of the Call, to hold the following language requirements and certificates, as requested by the receiving institution and formalized within the Inter-Institutional Agreements signed with UNIVE (for further information please check Annex I). In the event that a student does not hold required language certificates as set by art. 3.2, he/she will be considered eligible but automatically positioned at the end of the ranking. In the event that all eligible applicants for a specific destination do not hold required language certificates, the Selection committee has the right to evaluate them according to criteria set by art. 7.2, and the selected candidate will have the possibility to integrate the document after the closing date of the call. In any case the language certificates will be necessary to proceed with the application to the partner University.

### 3.3 Incompatibility

- The same applicant may participate in Erasmus+ mobility periods totaling up to 12 months maximum per each cycle of study (Bachelor or equivalent, Master or equivalent, Doctoral level), independently from the number and type of mobility activities. Previous Erasmus+ experiences (including European destinations and mobilities for traineeship) must be considered for calculation purposes.
- Selected beneficiaries will not be allowed to benefit from any other grant provided by the European Commission for mobility for study / for teaching or training for the same period.
- Beneficiaries must carry out their mobility activity in a Programme or Partner Country different from the country of the sending organisation and the country where the student has his/her accommodation during his/her studies.
- Candidates with a double nationality must specify the nationality under which they submit their scholarship application.

### 3.4 Ineligibility

- Students who have been found in violation of the Code of Student Conduct and thus sanctioned by a governing body of the University will not be eligible.
- If, at any stage in the application procedure, it is established that the information provided by the applicant has been knowingly falsified, the candidate will be disqualified from the selection process.
- Selected beneficiaries who receive an Erasmus+ grant will fully or partially reimburse the EU grant if they do not comply with the terms of the grant agreement and/or if they fail to complete and submit the final online report, unless they are prevented from completing their planned activities abroad due to a case of force majeure.
- Students who withdraw from mobility after accepting it will lose the right to participate to every Erasmus+ ICM call for study that will be launched until December 2025, except for documented causes of force majeure.

## **Art. 4 Activities**

Erasmus+ grants for study are awarded for full time study activities (credits or thesis preparation or both).

## **Art. 5 Grant**

5.1 Beneficiaries will receive a grant contribution to their costs for individual support during mobility, as follows:

INDIVIDUAL GRANT	INDIVIDUAL SUPPORT
Students (basic amount)	Euro 700,00 per month
Students (with top-up for fewer opportunities)	Euro 950,00 per month
Students (only for the PhD to Trinidad and Tobago)	Euro 79,00/day up to the 14 <sup>th</sup> day + Euro 56,00/day from the 15 <sup>th</sup> to the 30 <sup>th</sup> day

The 2021-2027 Erasmus+ Programme “seeks to promote equal opportunities and access, inclusion, diversity and fairness across all its actions. Organisations and the participants with fewer opportunities themselves are at the heart of these objectives and with these in mind, the programme puts mechanisms and resources at their disposal.” (Erasmus+ Programme Guide 2024, page 7).

The basic amount of the Erasmus+ scholarship is €700 per month, which is guaranteed to all selected students. N.B.: the sole exception is the short-term PhD mobility to Trinidad and Tobago, which is calculated according to daily rather than monthly amounts (see the table above).

Students with fewer opportunities receive a top-up to the individual support of their Erasmus+ grant with an amount of

additional €250 per month.

Ca' Foscari University identifies students with fewer opportunities through Family Income level, certified through an ISEE form. The top-up will be assigned to students whose ISEE is lower than 27.726,79 Euros.

To grant the top-up, an ISEE form will be requested **only to selected beneficiaries after the selection will be completed.** However, candidates may include in their application an ISEE form already at the application stage (see Art. 6.2.).

For PhD students no top-up is envisaged: any contribution for fewer opportunities (if applicable) is intended to be covered by the 50% increase in the PhD scholarship envisaged for students conducting research, training and studies in a foreign university or a foreign research body (<https://www.unive.it/web/en/2168/expense-reimbursement-for-mobility>).

For BA and MA candidates, top-ups to scholarships are available as follows:

COUNTRY	UNIVERSITY	AVAILABLE PLACES (BA AND MA ONLY)	AVAILABLE TOP-UPS
Algeria	Algiers 2 University	4 MA	4
Cape Verde	Cape Verde Public University	1 MA	1
Jordan	University of Jordan	1 BA and 1 MA	2
Kosovo	University of Prishtina	1 BA	0
Morocco	Abdelmalek Essaâdi University	2 MA	2
Mozambique	Eduardo Mondlane University	2 MA	2
Qatar	Doha Institute for Graduate Studies	1 MA	0
Tanzania	State University of Zanzibar	1 BA and 1 MA	2
Trinidad and Tobago	University of the West Indies	1 MA	0
USA	University of North Carolina at Chapel Hill	1 MA	1

In the event of parity at the selection stage, preference will be assigned to students from less advantaged socio-economic backgrounds.

In the event that the number of eligible candidates with fewer opportunities applying for a certain destination is higher than the top-ups available, preference will be assigned to candidates with the higher overall evaluation results (see Art. 7).

5.2 Beneficiaries will receive a travel contribution (1 round-trip flight ticket per beneficiary) according to the fixed amount assigned per destination, as follows:

DESTINATION	AMOUNT	AMOUNT FOR GREEN TRAVEL
Kosovo	Euro 275,00 per participant	n/a
Algeria, Morocco	Euro 309,00 per participant	n/a
Jordan	Euro 360,00 per participant	n/a
Qatar, Trinidad and Tobago, USA	Euro 820,00 per participant	n/a
Cape Verde, Kenya, Tanzania	Euro 1.188,00 per participant	n/a
Mozambique, Singapore	Euro 1.500,00 per participant	n/a

5.3. Erasmus+ selected beneficiaries might be required to purchase their international medical insurance with their own funds. Ca' Foscari University of Venice does not automatically provide health insurance for outgoing beneficiaries.

5.4 Erasmus+ selected beneficiaries will continue to pay fees to their sending university but will benefit from tuition-fee waiver

from their host university.

5.5 The mobility period must be carried out continuously and it must not be split into different periods. Therefore, during their mobility period beneficiaries must not carry out any learning activity at Ca' Foscari University of Venice (such as taking exams, carrying out internships and/or student collaborations even remotely, graduating).

5.6 Selected candidates accepting the scholarship will sign a grant agreement for mobility listing their duties and responsibilities. They will be required to comply with the local admission requirements and registration procedures at the Host University.

5.7 Special needs support:

Extra-financial support may be available for beneficiaries with special needs. A person with special needs is a potential participant whose individual, physical, mental or health-related situation is such that his/her participation in the project would not be possible without extra financial support. The contribution will be awarded to beneficiaries with special needs upon request to Ca' Foscari University of Venice at the moment of acceptance of the grant and depending on the approval of the Erasmus+ Italian National Agency.

5.8 Administrative support:

Support in visa application, housing, accommodation, and health insurance will be supplied by each host partner university. Ca' Foscari University will assist beneficiaries in obtaining such support from the receiving institution.

7.3 The above-mentioned criteria will be evaluated starting from the following indicative rules. Selection committees (one for every destination, composed at least by 3 members, namely the Ca' Foscari Erasmus+ ICM academic coordinator/s for the specific destination and at least 1 member from Ca' Foscari International Office Staff) will have the possibility to adapt them if needed:

- **Academic Merit** (based on information – ECTS and grades - registered in Esse3 by the closing date of the Call – grades assigned to partial exams will be considered only in case of absence of any other final exam registered):

**Bachelor students:**

If the student did not register any credit by the call's deadline, she/he will receive by default 0 points;  
 If the student registered up to 30 ECTS, the weighted average will be considered, but reduced by a 10% malus;  
 If the student registered more than 30 ECTS, the full weighted average will be considered;

**Master students:**

If the student did not register any credit by the call's deadline, the Bachelor's Degree's final grade will be converted (for students who achieved the Bachelor degree in a different University from UNIVE, if a transcript of the Bachelor degree is not attached to the application, the student will receive 0 points);  
 If the student registered up to 30 ECTS, both the weighted average (50%) and the Bachelor's Diploma's final grade (50%) will be considered for evaluation (for students who achieved the Bachelor degree in a different University from UNIVE, if a transcript of the Bachelor degree is not attached to the application, the student will receive up to the 50% of available points);  
 If the student registered more than 30 ECTS, only the weighted average will be considered;

**PhD students:**

The grade assigned will depend on the evaluation of academic results (50%) and research activities as per CV (50%).  
 If the student registered ECTS credits by the call's deadline, the 50% of the academic merit criteria will be calculated based on the converted weighted average. Research activities as per CV will be evaluated as follows, until the remaining 50% of the overall Academic merit score is reached:

- 5 points for every published monograph
- 2 points for every published scientific article
- 1,5 points for every international conference or seminar held as a speaker
- 1 point for every national conference or seminar held as a speaker

If the student did not register any credit by the call's deadline, the academic results component of the criteria will be based on the converted Master's Degree's final grade (for students who achieved the Master degree in a different University from UNIVE, if a transcript of the Master degree is not attached to the application, the student will receive only evaluation for the research activities component);

If the student does not state in his/her CV any research activities, he/she will receive up to the 50% of available points;

- **Motivation:** discretionary evaluation based on both written form and content of the letter (relevance of the mobility for the student's career; use of research facilities at the Host University; impact of the mobility). In case of missing motivation letter the student will receive 0 points. In case of motivation letter provided in a language different than English, the grade assigned to the selection criteria "Motivation" will be reduced by 50%;

- **LA for study and/or research:** discretionary evaluation based on amount of credits to be achieved while on mobility; quality of thesis project (if applicable); consistence between the student's degree program and the exams stated in the LA;

- **Language Skills:** 75% of the score envisaged by the project if the student meets the basic requirements as of art. 3.2 of the call + an additional bonus for every official certification submitted and for every additional language level other than the minimum required;

- **Previous mobility experiences:** 10% of the maximum score will be subtracted for each semester/term-long mobility for study and for each traineeship experience (regardless of its duration), based on information declared by the student in the online application form (that could be checked by International Office based on available data sets).

7.4 In the event of parity, preference should be assigned to students from less advantaged socio-economic backgrounds.

7.5 The final selection decision will consider also cross-cutting evaluation criteria such as gender balance, equal opportunities and participation of less advantaged groups (disabled students, economically disadvantaged students) providing a more equal and fair selection process.

7.6 At the end of the selection procedure, Ca' Foscari University of Venice will draft a ranking list of qualified candidates. A reserve list will also be defined and will include the names of eligible candidates who may be awarded a grant in case of withdrawals/drop-out of selected students.

7.7 All applicants will be notified by e-mail to their institutional e-mail addresses (matricola@stud.unive.it) of the selection results as soon as the evaluation procedure has been concluded. The final list will be also published on the Ca' Foscari University website (*Sezione Graduatorie*) for transparency reasons.

7.8 Selected candidates will receive a **scholarship offer** and are required to **accept or reject it in written** (within 2 days from the notification e-mail). For every selected candidate who will renounce or not accept within the deadline, Ca' Foscari University of Venice will nominate a candidate from the reserve list, that will remain valid for the whole duration of the correspondent Erasmus+ ICM project (as of art. 1.2, 2.1, 2.2).

#### 7.9 Appeal Procedure

- **Rejected applicants** who feel that a mistake has been made in the process or that their application has not been fairly evaluated can file a complaint to icm@unive.it not later than **2 days after the notification e-mail**, explaining their reasons.
- Complaints from applicants who have failed to satisfy all the eligibility criteria (e.g. who have not produced the required documentation, or have applied for a scholarship but do not meet the requirements, etc.), or have failed to satisfy them within the established timeframes, will not be taken into consideration.
- The appeal procedure can only come into play if a candidate feels that the Selection Committees have not handled his/her own application in line with the principles and procedures described in the call. In other words, the appeal cannot concern the decision itself, but only an alleged error made in the process.

7.10 Should any budget leftovers become available during the Erasmus+ ICM project for one or more specific destinations, Ca' Foscari University of Venice has the right to nominate additional eligible candidates from each destination's reserve list. Should one destination have several reserve lists resulting from previous calls, priority will be given to most recent one.
