1. Purpose

Oita University offers the **Intercultural and Global OITA Based Education (IGLOBE)** course of study for exchange undergraduate and postgraduate students. The program aims to enhance Japanese language skills while providing learning opportunities related to Japanese culture and society as well as that of Oita and its surrounding communities.

Participating international students will take Japanese language courses and other Japanese studies offerings from Global Education and Intercultural Advancement Center (GAIA).

Based on their language proficiency, international students may also be able to take general education classes as well as specialization courses offered at each faculty alongside domestic Oita University students.
