Hi-Teach

Dissemination Seminar Event Università Politecnica delle Marche in Macerata 16th December 2022

Hi—Teach aims to transform teachers into Hi-teachers

The 3-year Hi-Teach project (June 1, 2021 – May 31, 2023) aims to provide a third way to transform teachers into Hi-Teachers. Thanks to the collaboration of 10 universities from 5 European countries (Greece, Italy, Poland, Slovenia and Spain) and two training centers on technological innovation (from Italy and Spain), Hi-Teach will strengthen digital skills and teaching approach of university teachers, providing them with the most up-to-date methodologies and tools.

New education challenge: New education challenge: The results of Hi-Teach Erasmus+ Project

- ### 1st Dissemination Seminar Event: Università delle Marche

On 16 December 2022, the Polytechnic **University of the Marche** organized the first multiplier event on the European Hi-Teach project in Macerata, a project that provides an innovative answer to this question. **Prof. Silvio Cardinali** - as scientific director - opened the proceedings, while Laura Gavinelli Ph.D. - consultant to the team of the Università Politecnica delle Marche and speaker - illustrated the objectives and intermediate results of the project. Italian and French teachers, PhD students and consultants attended the event.

- ### 2nd Dissemination Seminar Event: Università di Salerno

On 11 January 2023 the second multiplayer Hi Teach event was hosted at the **University of Salerno**, with **Prof. Colace** serving as the project's scientific director.
Prof. Francesco Colace provides an introduction of European planning before presenting findings from the Hi-teaching Learning Program. The event was attended by teachers, PhD students and high school students.

Hi-Teach

Dissemination Seminar Event Università di Salerno 11th January 2023

Hi—Teach aims to transform teachers into Hi-teachers

The 3-year Hi-Teach project (June 1, 2021 – May 31, 2023) aims to provide a third way to transform teachers into Hi-Teachers. Thanks to the collaboration of 10 universities from 5 European countries (Greece, Italy, Poland, Slovenia and Spain) and two training centers on technological innovation (from Italy and Spain), Hi-Teach will strengthen digital skills and teaching approach of university teachers, providing them with the most up-to-date methodologies and tools.

Presentation of Results
A project to boost the digital skills and methodology of HE teachers

- Digital and methodological skills. HI-TEACH project, through the creation of a strategic partnership between HEIs and methodological and technological innovation training centres, focuses on the development of digital and methodological skills of a pool of teachers from 5 EU countries of 10 HEIs (IT, EL, ES, SI, PL) favouring its evolution towards the role of Hi-Teacher, able to supervise hi-tech teaching equipment.

- Inclusiveness and web-based learning process. Apply inclusive web-based teaching methods that look at the use of audio-visual and to gaming as experimental grounds to introduce elements of flexibility, simplicity, accessibility, interactivity and personalization, which represent key quality indicators in open learning.

- Transnational cooperation. The project design implies a transnational cooperation strategy of the extended HE to generate relational, scientific and methodological capital of high added value that cannot be achieved with regional and/or national initiatives
