

Italian National Health Insurance for students

Find below useful information about the **Italian National Health Insurance Servizio Sanitario Nazionale – SSN** (<https://www.aulss3.veneto.it>).

The National Health Insurance allows you to access all the benefits of the public service, which include (some of them may require the payment of a fee, the so-called “ticket”):

- General practitioner or pediatrician;
- Hospital recovery at the public hospitals;
- Pharmaceutical aid;
- General medical examination in clinics;
- Specialized medical examination.

USEFUL INFORMATION:

- In case of a health emergency, you can go to the first aid station of the closest hospital even if you did not purchase any insurance (in this case, please remember that you might have to pay a fee).
- If you are EU citizen, your EHIC (European Health Insurance Card) is valid in Italy, but you can use it for emergencies only. If you want to be fully covered, please follow these indications. Please be informed that, in order to enrol to the national insurance, you must move your residency in Italy.
- The Italian Health Insurance (SSN) is valid ONLY in Italy, not in Europe.

The emergency number 118 is free and available 24H
