HR EXCELLENCE IN RESEARCH

# SPIN - Supporting Principal Investigators – Call for proposals 2021

## Your stairway to international collaborative projects

Ca' foscari University SPIN programme has been designed to help **outstanding researchers** turn their ideas into successful **grant** applications under EU funded excellence research programmes.

The SPIN 2021 call addresses applicants **holding a position at Ca' Foscari**, who intend to develop **collaborative projects** that could lead to new research developments and international collaborations and could strengthen their project-design capacities for a possible participation in competitive calls for proposals.

**Info:** [www.unive.it/spin](http://www.unive.it/spin)

## Funding

Maximum € 50.000 for each project proposal

## Duration

Maximum 24 months

## Who can apply?

The SPIN Call for applications 2021 funds proposals falling under “Standard projects measure” and it is thus exclusively addressed to **professors and researchers** - RTD a) and b) - already **holding a position at Ca’ Foscari**.

## Deadline

17<sup>th</sup> May 2021, 12 p.m. (ROME Cet)

## Online submission

<https://pica.cineca.it/unive/spin2021/domande/>

## Selection procedure

The evaluation process is held in one step only: proposals received will be assessed for their scientific excellence and applicant’s profile by two external referees each. Referees will be selected from those included in the national database Reprise. Proposals are assigned on the basis of the ERC sector/s selected as well as from 3 to 5 keywords. A Committee appointed by the Rector will draw the final ranking list.
