

Bachelor's Degree in Digital Management

We are H-FARM College

OUR MISSION

Our Mission is to empower our graduates to transform innovation into human progress for a better society.

ABOUT

**We are the Institute
for undergraduate and
postgraduate education
of H-FARM, Venture Builder
spreading the culture of
digital innovation
since 2005.**

We offer three-year **Bachelor's Degrees**
and **Master's Degrees** designed with a strong
focus on industry needs.

Our programs are shaped by our deep understanding of the job market, ensuring you gain the skills and knowledge required to succeed in a fast-evolving world.

The degrees are divided into two macro-areas:

Business & Management and **Innovation & Technology**.

Our courses are dynamic, hands-on learning experiences, combining theory and practice and reflecting the real needs of the world of work.

We believe the education system needs to adapt to a fast-changing world where **technology and innovation** are advancing at an unprecedented rate. These rapid changes bring new opportunities, challenges and concerns that must be addressed in order to build a positive future for all.

An international experience

5

At H-FARM College you will live an enriching, international experience. The vibrant campus atmosphere is fueled by a diverse community of over 30 nationalities, bringing together students from all corners of the globe. By engaging with professors, lecturers, guest speakers, and industry experts from various backgrounds, you will immerse yourself in a dynamic environment.

Student's journey

We welcome students from diverse backgrounds and experiences, as long as they are curious, adaptable, resourceful and driven.

At H-FARM College, we believe that personal growth and self-improvement are not limited by academic history but are primarily determined by an individual's determination and commitment to shaping their future.

Here, students can cultivate their passions and dedication to learning while developing essential traits and skills that empower them to navigate the journey they aspire to undertake.

1 Academic Program

We offer three-year **Bachelor's Degrees** and **Master's Degrees** with a strong emphasis on industry relevance. Our programs are crafted with a deep understanding of the job market, equipping you with the skills and knowledge needed to thrive in a rapidly evolving world.

THE PROGRAMS ARE FOCUSED ON TWO AREAS:

Business & Management

Focused on developing **strategic**, **analytical**, and **leadership skills**, the Business & Management area offers courses that cover the essentials of managing organizations in diverse, complex environments.

You'll explore topics like **economics**, **finance**, **marketing**, and **organizational behavior**, gaining insights into both established practices and new approaches in global business.

This area equips you with the tools to navigate and innovate within today's competitive business landscape.

Innovation & Technology

This area is dedicated to preparing students for the forefront of **digital transformation** and **technological advancement**. Courses cover topics like data science, artificial intelligence and emerging technologies, combining technical knowledge with an entrepreneurial mindset. By exploring how innovation drives industry and society, you'll be prepared to contribute to cutting-edge developments and become a catalyst for change in the tech world.

Digital Management

PARTNER UNIVERSITY:

Università
Ca' Foscari
Venezia

OVERVIEW

The digital transformation is rapidly changing the economic and social structure of our society and it is redefining business models and the competitive environment in which companies operate. These social and economic changes influence the job market and require professionals to have a new dedicated skill set.

The three-year Bachelor's degree programme in Digital Management is provided by Università Ca'Foscari, the first business school in Italy and one of the oldest business schools in the world, in collaboration with H-FARM College. This Degree, the first of its kind in Italy, prepares you to develop the skills they need for today and to gather the opportunities in order to affront the challenges which the future has to offer.

Economics of Innovation, Growth Theory and Economics Development

Business Analytics

Lab of Computer Security

Lab of Software Project Development **Elective**

Lab of Web Technologies **Elective**

Financial Statement Analysis Elective

INTERNSHIP PROJECT OR PRE-ACCELERATOR

Admission Process

The Bachelor's Degree in Digital Management offers a limited number of seats. For the 2025/26 academic year, the Admission Notice will be published in March 2025 on [the program's website](#).

The Admission Notice will outline the number of seats available for Italian, European, and non-EU students.

The selection process occurs twice during the academic year —once in spring and once in summer.

Due to the greater availability of seats in spring, applying during this session is highly recommended.

Details about the requirements, selection process, and timelines will also be included in the Admission Notice.

STEP 1

COMPLETE THE APPLICATION

Complete the application according to the requirements and deadlines in the Admission Notice:

Sit the TOLC-E, an exam on mathematics, logics and text comprehension, managed by CISIA ([link](#)). Exams taken after January 2024 will be accepted. Also SAT or GMAT exams are accepted as an alternative to TOLC-E.

Complete the registration on Ca Foscari website following the procedure outlined in the Admission Notice.

Upload your motivational video in English using the form in the Admission Notice.

STEP 2

ACCEPT THE PLACE

Check your position in the ranking and, if you have been admitted, accept your place by completing the pre-enrolment application and paying the fee.

STEP 3**ENROL**

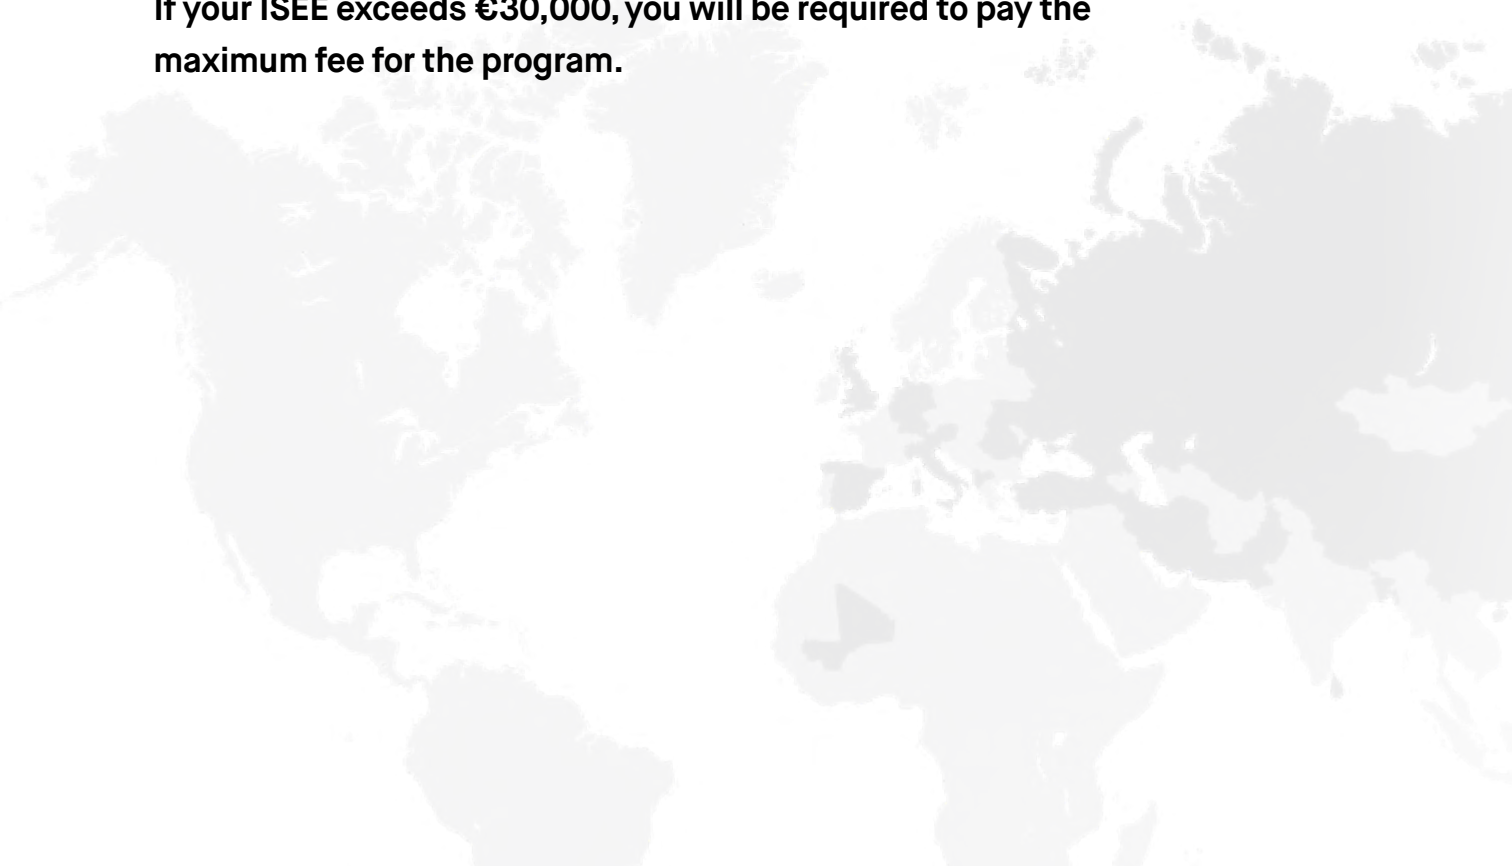

To formally enrol, you will need to complete the enrollment application and pay the first instalment of university fees and contributions.

Tuition fee & financing

The tuition fee for **the 2024/2025 academic year** is €8,538.00, excluding the regional tax for the right to education (€186.00) and any applicable stamp duty (€16.00).

This fee applies equally to Italian/EU and non-EU students.

If your economic and financial condition (ISEE for benefits related to the right to education) is below €30,000, you may qualify for the benefits provided by the "Student Act."
If your ISEE exceeds €30,000, you will be required to pay the maximum fee for the program.

Financing

At H-FARM College, we believe that finances should never be a barrier to achieving your academic goals. In collaboration with leading banks, we offer flexible financing solutions tailored to support you through every step of your educational journey.

INTESA  SANPAOLO

INTESA SANPAOLO “PER MERITO” LOAN

Thanks to our partnership with Intesa Sanpaolo, students enrolled in H-FARM College’s Bachelor’s and Master’s Degrees, delivered in collaboration with the University of Chichester, can apply for the “Per Merito” loan. This financing covers tuition costs across the entire program, with student-centered terms and conditions.

Fully covers tuition fees: The “Per Merito” loan allows you to cover 100% of your tuition for eligible programs, ensuring that financial constraints don’t limit your potential.

Guaranteed by H-FARM College: Unlike most loans, “Per Merito” requires no family guarantee. The loan is in your name, with H-FARM College standing behind your future.

Repayment begins one year after graduation: You’ll have 12 months after completing your studies to enter the workforce before beginning your repayment, with terms arranged with Intesa Sanpaolo.

Loan conditions: To take advantage of this opportunity, you’ll open a “Per Merito” account at an Intesa Sanpaolo branch. Interest rates and repayment options are customized to suit student needs.

Rates vary depending on the program; for more information please visit our website.

BNL BANK “FUTURIAMO”

For those seeking a broader financial solution, the “Futuriamo” loan by BNL offers the flexibility to cover tuition, study materials, accommodation, and transport costs. Available to all H-FARM College students, this option offers a one-time payment, with the potential to delay capital repayment for up to 36 months.

Choose your amount: Request up to €70,000 to finance your studies in Italy, with the freedom to use these funds as needed for academic or living expenses.

Additional support: The “Futuriamo” loan can be used to cover partial housing costs and other essential expenses to help you focus fully on your studies.

Flexible repayment: Repayment options extend up to 10 years, with capital repayment deferrals available between 12 and 36 months after disbursement, making it accessible even to students early in their careers.

COURSES CAN BE:

Mandatory

Strongly recommended for all students to develop foundational skills and maximize engagement in their degree program.

Recommended

Offering additional opportunities for in-depth exploration and specialization within key areas, allowing you to tailor your learning journey.

2 Enhancing Program

The Student Enhancing Program is designed to equip you with **essential personal and professional skills** that set you apart in today's competitive job market. Through focused modules that evolve yearly to reflect the latest trending topics, you'll gain practical tools to build in-demand skills.

The Student Enhancing Program is a commitment to future-oriented education that blends technological expertise with humanistic values and professional capabilities.

The courses are on 5 areas*:

1 KNOWLEDGE AND TOOLS FOUNDATION

Covering fundamental skills and knowledge that serve as the cornerstone for personal and professional growth.

Courses:

Excel: Zero to Hero
 Research Methods
 Coding with Python
 Creative Concept Ideation

2 COMMUNICATION & PERSONAL SKILLS

Focusing on the development of effective communication, self-presentation, and interpersonal skills.

Courses:

Presentation Skills, Techniques & Tools
 Public Speaking and Debating Skills
 Foundational Soft Skills
 How to build an effective storytelling on Social Media
 Third Sector Storytelling
 eCommerce Strategy

*These courses are part of the 2024/25 academic offerings. The Student Enhancing Program is updated annually; for more information, please visit our website.

3 INNOVATION & AI

Exploring the latest advancements in artificial intelligence and how innovation shapes our modern world.

Courses:

Web 3.0 Strategy

Generative AI

Ethics of AI

Leadership AI Human + Machine

4 BUSINESS & ENTREPRENEURSHIP

Providing insights into the principles of business, management, and the entrepreneurial mindset.

Courses:

Fundamentals of Entrepreneurship

Foundations of Financial Planning & Fundraising

Navigating Geopolitics for Business Managers

From idea to business - MVP

International Relations

Business Development & Negotiation skills

Agile Project Management

Lean Development: MVPs & Prototyping

5 FUTURE SCENARIO

Preparing students to anticipate and navigate future global trends, market shifts, and societal changes.

Courses:

Humanism in the Digital Age

From Carbonization to Decarbonization

3 Personal Development

At H-FARM College, we believe that a truly transformative education extends far beyond the classroom. Our **commitment to student growth** embraces a holistic approach that nurtures students in all dimensions — academically, physically, and emotionally — supporting each as they navigate this pivotal stage of self-discovery.

University years are a time not only for gaining knowledge but for shaping identity, developing social skills, and building lifelong habits.

That's why, in addition to curricular and enhancing courses, we offer programs and services designed to support students' overall well-being, ensuring they are prepared to face real-world challenges with confidence and resilience. Among these there is the Personal Development Program, aimed at first- and second-year students. It focuses on developing essential skills, attitudes, and traits that empower them to make the most of their university experience and prepare for future challenges.

**BENEFITS
FOR STUDENTS**

SELF- DISCOVERY

Gain a deeper understanding of personal values and purpose.

PERSONAL EFFICACY

Learn skills to improve study habits and productivity.

EMOTIONAL MATURITY

Enhance self-regulation and interpersonal relationships.

ENGAGEMENT

Increase motivation and active participation in university life.

WELL-BEING

Build resilience and stress management skills.

PERFORMANCE

Develop the ability to set and achieve meaningful goals.

Moreover, we provide our students with a valuable individual counseling service. Each of them has the opportunity to participate in one-on-one sessions with a qualified psychologist, who offers professional and personalized support to help navigate personal and academic challenges with confidence and peace of mind.

We promote a variety of initiatives designed to enhance employability and help students achieve their career goals in an increasingly complex and competitive job market.

4 Career Development

At H-FARM College, recognizing and nurturing talent is only part of the equation: identifying and seizing job opportunities that resonate with each student's values, aspirations, and skills is equally vital.

Our Career Service is dedicated to providing personalized support to **facilitate the perfect match between students and businesses**. With a diverse range of internships and work placements available both in Italy and abroad, students are empowered to embark on fulfilling career paths.

Career Day

H-FARM COLLEGE

JOB HUNT SUCCESS PROGRAM

Tailored for third-year and Master's students, the Job Hunt Success Program prepares participants for the job market by offering guidance on interview techniques and job-seeking strategies. This initiative includes a specialized Jobseeker Test to help students identify their strengths. Interactive modules cover career goal setting, transferable skills development, and understanding various types of recruiters. Practical exercises on writing thank-you emails, handling job rejections, and long-term career planning ensure students exit the program equipped for success.

CHALLENGES

Our Challenges present an ideal platform for students to tackle real business cases and apply theoretical knowledge gained in the classroom. Teams collaborate on challenges presented by companies, developing innovative solutions that are then pitched at the company's headquarters. An internal jury evaluates these projects, rewarding the winning team for their creativity and effectiveness.

INSPIRATIONAL TALKS

Inspirational Talks feature guest speakers — often entrepreneurs, managers, or startup founders — who share their insights on topics like innovation, creativity, business, and sustainable development. These talks provide students with valuable perspectives and inspiration as they navigate their own career paths.

INTERNSHIP OPPORTUNITIES

Students have access to a wide range of internships that provide hands-on experience and exposure to real-world business environments. These opportunities allow students to apply their academic knowledge in practical settings, helping them build their professional networks and develop essential skills.

CAREER DAY

The Career Day at H-FARM College is an extraordinary opportunity for students to connect with leading companies. This event fosters valuable exchanges of ideas and explores future career scenarios, allowing students to gain insights into the professional world while networking with industry representatives.

STARTUP
CENTER

12

Examples of projects created by our students thanks to the Startup Center:

"STORIES OF STRENGTH"
A podcast series on mental health, born from a Challenge launched with Juventus Football Club.

ENTREPRENEURIAL MINDSET

Over its first decade, H-FARM has established itself as a pioneer in the European entrepreneurship and startup ecosystem, serving as both an accelerator and a pre-seed and seed investor.

Through the **Entrepreneurship & Startup Center**, students gain access to pre-accelerator programs that provide hands-on tools and real-world guidance to turn their ideas into legitimate startups. The Center also offers specific academic courses within Bachelor's and Master's degrees, as well as enhancing courses focused on entrepreneurship.

EMERALDS

A thriving GTA V-based metaverse with over 300,000 members, featuring a dynamic digital city where players create unique stories through roleplay.

ADVOKEE

An intuitive software that identifies Advocates, streamlines advocacy marketing, and creates a competitive advantage.

ONE NETWORK, ENDLESS OPPORTUNITIES

Day by day, we're building a growing network of companies, industry leaders, and innovators, creating meaningful pathways for our students' future.

5 Life on Campus

On Campus, countless opportunities await to cultivate an open mindset and spark curiosity. By participating in diverse initiatives and experimenting with hybrid learning approaches, you'll unlock your full potential and seize the opportunities that today and tomorrow have to offer.

The Student Life team organizes a vibrant array of extracurricular activities across five key areas:

CULTURE OF INNOVATION

SOCIAL & LEISURE

LIFELONG SKILLS

HEALTH & WELLBEING

SOCIAL RESPONSIBILITY AND AWARENESS

Student Clubs

At H-FARM College, students have the chance to create clubs that reflect their passions, fostering leadership skills, collaboration, and a sense of community — all while pursuing personal and professional interests. Examples of clubs:

HORIZON
A platform for discovering new cultures, sharing experiences, and building a supportive, creative community among students across campus.

MOUNTAIN BIKE CLUB
Outdoor enthusiasts can embrace mountain biking adventures while learning new skills and enjoying nature alongside fellow riders.

H-FARM FINANCE CLUB
Passion for finance is celebrated here, with opportunities to delve into venture capital, private equity, and M&A, complemented by company visits and insightful roundtable discussions.

H-INSIDERS
This digital publication provides a unique perspective on student life, delving into current topics, AI, and cultural trends.

H-VIBE
Renowned for organizing the most exciting events, trips, and parties on campus, this club is dedicated to fostering fun and friendship.

CAMPUS VENTURE
 Explore the exciting realms of startups and venture capital by engaging with industry professionals and acquiring practical, real-world skills.

RUN CLUB
 Catering to all levels of runners, this club offers weekly runs that promote fitness, friendship, and a sense of community while getting hearts racing.

GAME NIGHT
 A relaxed atmosphere awaits where students gather to select games and enjoy each other's company, providing a perfect escape from academic pressures.

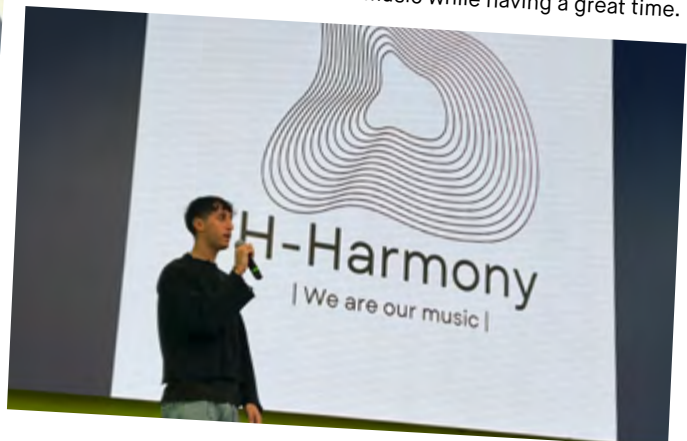

WELLBEING CLUB
 This club offers a safe space for open conversations about youth issues and sexuality, fostering honest discussions with experts in a judgment-free environment.

H-MOVIE CLUB
 A gathering for film aficionados to explore a diverse range of genres and engage in discussions about how films reflect societal themes. Thursday nights are dedicated to cinematic exploration.

H-HARMONY CLUB
 A haven for music enthusiasts, this club invites all—whether seasoned musicians or shower singers—to come together and create music while having a great time.

Sport

Sports play a vital role in promoting overall students' well-being. The campus boasts state-of-the-art facilities, including 5,000 square meters of outdoor spaces and 1,600 square meters of indoor areas dedicated to a wide range of sports activities.

Whether it's tennis, padel, soccer, climbing, basketball, beach volleyball, or extreme sports like BMX and skateboarding, there's something for everyone. Our sports offerings are further enhanced by a well-equipped gym, a freestyle area, and calisthenics facilities. Students can also join college sports teams to compete in volleyball, basketball, soccer, and skiing.

For those who prefer a more relaxed pace, evening classes in pilates, paddle, skateboarding, and Thai boxing are available. With easy access to sports facilities, students are encouraged to maintain an active and healthy lifestyle, significantly contributing to their overall well-being. At H-FARM College, the blend of academic and extracurricular activities ensures a holistic development experience, preparing students to thrive in all aspects of life.

Learning experience

At H-FARM College, you'll dive into a unique, immersive learning experience that goes beyond traditional classroom walls.

Our **three-dimensional approach** nurtures both academic excellence and real-world skills, making you ready to thrive in a globalized workforce.

IN THE CLASSROOM

OUTSIDE THE CLASSROOM

ON THE JOB

IN THE CLASSROOM

Our courses are crafted to engage and inspire. In line with top academic standards, they go beyond lectures, incorporating diverse teaching methods that encourage active student participation.

Here, you'll deepen your knowledge through a blend of traditional and innovative approaches as you explore topics that are essential in today's professional world.

The learning journey includes:

Frontal Lessons

Engage with essential concepts in dynamic sessions filled with practical examples and thought-provoking discussions.

Flipped Learning

Absorb materials on your own schedule and dive into active learning during class, with deeper discussions and hands-on applications.

Teamwork

Develop workplace-ready skills, guided by professors who mentor and support you as you work collaboratively.

Guest Lecturers

Learn from experts who bring real-world insights directly to you, offering perspectives across industries.

Labs

Gain practical skills with hands-on activities that reinforce classroom knowledge through real-world problem-solving.

Business Games

Learn core business and finance principles while playing engaging simulation games that make complex concepts accessible and fun.

OUTSIDE THE CLASSROOM

At H-FARM College, learning is a continuous experience. From campus talks and hackathons to hands-on Challenges and international trips, every opportunity enhances your knowledge and enriches your experience.

Challenges

Tackle real business cases presented by top companies. Collaborate in teams, present your ideas, and put your skills to the test in front of industry leaders.

Inspirational Talks

Hear directly from entrepreneurs, managers, creators, and other industry pioneers who share their journeys and inspire new perspectives.

Hackathons

Participate in 24-hour events focused on collaboration and problem-solving, building skills like public speaking, market analysis, and project management.

H-Expeditions

Explore new places, meet professionals, and expand your network with trips in Italy and abroad.

Lunch/Breakfast Connect

Network informally with experts, gaining insights and connections that extend beyond the classroom.

ON THE JOB

Practical experience is at the heart of our programs. From day one, you'll have opportunities to put your skills into action, boosting your employability and preparing you for a successful career.

At H-FARM College you can access internships, placements, and “Job on Campus” roles that align with your studies and interests, both locally and internationally. Among the opportunities:

Lumina

Student-led consulting agency, Lumina allows you to apply classroom learning to real client projects, working in teams to solve challenges for leading companies.

FARMedia

At FARMedia you will create content for proprietary and partner channels, honing skills in media production and storytelling.

H-INSIDERS

Contribute opinions and campus updates for our community, engaging with topics that matter to students and beyond.

H-FARM Radio

Produce live programs and podcasts, and connect with inspiring guests who visit campus.

Ambassador Program

Represent H-FARM College through a series of initiatives, sharing your campus experience and connecting with future students.

Creator Program

Highlight “the H-FARM College experience” reaching a wider audience with authentic insights.

Useful information

Student Housing

Attending university is much more than just classrooms and books. Immerse yourself fully in student life by living in one of our two residential facilities. Just minutes away from the Campus, you'll experience university life in an international, multicultural, and stimulating environment.

Five reasons to choose H-FARM College student housing:

1 PROXIMITY TO CAMPUS

Whether for a class, an event, or a meetup with friends, you'll reach H-FARM Campus in just a few minutes.

2 UNIVERSITY LIFE

A youthful, international environment where you'll feel at home and meet people who share your interests, passions, and dreams.

3 SERVICES

Housing includes many services to give you a unique, comfortable university experience.

4 VARIETY OF OPTIONS

Choose from a range of room types to find the option that best suits your needs.

5 SAFETY

All facilities feature a 24/7 security and/or reception service, ensuring support for your every need.

CASA 22

Casa 22 is a charming, uniquely designed farmhouse, fully renovated in 2022 and furnished with brand-new furniture in both the rooms and spacious common areas. Located about 5 km from Campus, Casa 22's highlights include a bright living area and a lush garden to enjoy during the warm season. H-FARM Campus Casa 22 offers several room types, with a total of 12 rooms and 22 beds.

MARINA

Located in the enchanting Venetian lagoon, H-FARM Campus Marina is an oasis just 5 minutes by car or 20 minutes on foot from H-FARM Campus. Two uniquely styled buildings with vintage furnishings overlook what once was the main port connecting Portegrandi with the famous city of Venice. Together, they house 70 apartments—35 singles and 35 shared rooms—offering a total of 140 beds. Here, you can choose between sharing your apartment or having it all to yourself.

CASA 11

Surrounded by greenery, H-FARM Foresteria CASA11 is an excellent solution just a few minutes from the H-FARM Campus. It is a house consisting of 10 flats (double or triple), each with a fully equipped kitchen, private bathroom and washing machine. CASA 11 is the ideal place for those who wish to have a private space and the opportunity to enjoy shared moments in the large private garden.

H-FARM Campus

The only one in Europe where education, innovation, and startups coexist.

The Campus extends over the magnificent Venice Lagoon and has 30 hectares of parkland. It's open to all – students, professionals, entrepreneurs, startups, and innovation enthusiasts – with sports facilities, bars and restaurants, accommodations, over 300 events per year, meeting room rentals for corporate events, and even a Marina.

Here, we equip aspiring entrepreneurs with the support, training, and resources needed to bring their ideas to life.

Depop, the second Italian unicorn, was born right here, and now with our **Entrepreneurship & Startup Center** we are looking for other brilliant startups.
