| 1  | [RMC72FKD]                                  | 58                              | 26                                    | 84                          | Admitted with scholarship                |
| 2  | [E3LCHKPG]                                  | 58                              | 25                                    | 83                          | Admitted with scholarship                |
| 3  | [LH833HKR]                                  | 55                              | 27                                    | 82                          | Admitted with scholarship                |
| 4  | [2HEN9HGH]                                  | 56                              | 25                                    | 81                          | Eligible                                 |
| 5  | [3CDKFEKC]                                  | 56                              | 24                                    | 80                          | Admitted with topic-specific scholarship |
| 6  | [E3N7PL8J]                                  | 56                              | 23                                    | 79                          | Admitted with topic-specific scholarship |
| 7  | [5G7U4ND9]                                  | 52                              | 25                                    | 77                          | Admitted with topic-specific scholarship |
| 8  | [K6J43D46]                                  | 52                              | 24                                    | 76                          | Admitted with topic-specific scholarship |
| 9  | [ED6252CG]                                  | 52                              | 23                                    | 75                          | Admitted with topic-specific scholarship |
| 10 | [88ETFM3U]                                  | 50                              | 24                                    | 74                          | Eligible                                 |
| 11 | [77CG6CFF]                                  | 50                              | 23                                    | 73                          | Eligible                                 |
| 12 | [CGCFEE3J]                                  | 50                              | 22                                    | 72                          | Eligible                                 |
| 13 | [Z4ZECP9R]                                  | 50                              | 20                                    | 70                          | Eligible                                 |

|    |            |    |    |    |          |
|----|------------|----|----|----|----------|
| 14 | [UTD8U4HU] | 52 | 17 | 69 | Eligible |
| 15 | [3LF5R8S9] | 50 | 18 | 68 | Eligible |
| 16 | [ARUMZ35P] | 51 | 16 | 67 | Eligible |

The candidate [3CDKFEKC] is eligible for the scholarship co-funded by ISMAR-CNR Venice and linked to the following topic: "Monitoring and forecasting coastal flooding via webcams, remote sensing and numerical modelling" (provided the relevant agreement is signed, establishing a period of up to six months of research abroad).

The candidate [E3N7PL8J] is eligible for the scholarship co-funded by ISMAR-CNR Venice and linked to the research topic: "Application of underwater photogrammetry to the study of coastal and lagoon ecosystems, with a special reference to monitoring benthic habitats and communities" (provided the relevant agreement is signed, establishing a period of up to six months of research abroad).

The candidate [ED6252CG] is eligible for the scholarship co-funded by Srl spin-off Università Cà Foscari Venezia and linked to the research topic: "Valorization of organic wastes and effluents from the agricultural/food/industrial sector through biotechnological processes for the manufacturing of bio-based products" (provided the relevant agreement is signed, establishing a period of up to six months of research abroad).

These candidates are eligible for the scholarship co-funded by Fund for the Financing of University Departments of Excellence" five-year period 2023-2027 (Law No. 232 of 11 December 2016 - Budget Law 2017, Art.1, paragraphs 314-337 – CUP H73C22001920001) and tied to the research topic "Chemical characterization and development of informatic tools for investigating emerging contaminants in environmental and biological matrices":

1. [5G7U4ND9] (recipient)
2. [CGCFEE3J]

There are not eligible candidates for the scholarship co-funded by ISMAR-CNR Venice and linked to the research topic "Development and application of modelling tools for fate and transport of priority and emerging contaminants in the Northern Adriatic Sea" (provided the relevant agreement is signed, establishing a period of up to six months of research abroad).

These candidates are eligible for the scholarship funded by ISMAR-CNR Venice and linked to the research topic "Distribution and evolution of marine habitats in coastal and transitional environments" (provided the relevant agreement is signed, establishing a period of up to six months of research abroad):

1. [K6J43D46] (recipient)
2. [77CG6CFF]

There are not eligible candidates for the scholarship funded by the Italian Institute of Technology-Centre for Cultural Heritage Technology (CCHT), tied to the theme "AI-based identification of anthropogenic and environmental traces on remote sensing data".

In case of assignment of a scholarship bound to a specific topic, winners cannot opt for a free-topic scholarship, regardless of the ranking position, even in the event of waiver and replacement. The candidates admitted with

PhD scholarship bound to a specific topic are required to develop the theme of the research indicated by the scholarship during the course of their studies.

#### CANDIDATES NOT ELIGIBLE
